DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

- Group I, claim(s) 1-15, drawn to a hollow fiber membrane module.
 - Group II, claim(s) 16-17, drawn to a hollow fiber membrane module unit.
 - Group III, claim(s) 18-19, drawn to a water treatment method.
2. The inventions listed as Groups I, II, and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

All of the groups share the same special technical feature of a sheet-form hollow fiber membrane fastened with an anchor member so that a plurality of said membranes are parallel to each other while leaving an open end and an open face of the membranes is rectangular, however, this feature does not offer contribution over the prior art. Yamamori et al. (USP 5,922,201) discloses in figures 1-7, a hollow fiber membrane module (abstract) comprising a structural member (1), fastening member (2) and hollow fibers (3) wherein the hollow fibers are fixed by the fastening member (C3/L30-60) and the hollow fibers are knitted fabrics which form a sheet (C3/L60-C4/L15).

3. A telephone call was made to Kendrew Colton on 1/28/2009 to request an oral election to the above restriction requirement, but did not result in an election being made.
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
